

Public Performances by Students

Participation in community celebrations, patriotic observations, or other special events by bands, choral groups, athletic teams, or other student groups is recommended by the board of education as a means for establishment of better public relations between the school district and the community. The use of school groups to promote partisan politics, sectarian religious views, non-school money raising activities, or selfish propaganda of any description is not approved.

School principals are urged to cooperate with any group or groups having promotion of the welfare of the youth of the community as their purpose, provided that youth of every race, religion, nationality, and social strata benefit equally.

All public performances by students shall be approved by the superintendent of schools.
