Assistant Principal/Activities Director - Tony Kobza - tony.kobza@rcentral.org

School Counselor: Tasha Osten - tosten@rcentral.org

PowerSchool

PowerSchool is the system we use to keep grades, track attendance, and house student demographics. Teachers will use PowerSchool to enter all grades, missing assignments and notes about your student. For you to access PowerSchool to monitor your student's grades and progress please set up your own account. **Use the following instructions to set up your own PowerSchool account.**

Parents when you first enroll students in the district, you will receive an access letter with your student's Access ID and Access Password. Those will be used to set up your parent account, so you can check lunch balances, grades and attendance. The letter is mailed after the start of the school year with the address that was given in the geographic information.

Go to the school website. Under the For Parents tab, select Forms & Documents. Find the Miscellaneous section, the last two links will walk you through the process.
<http://www.rcentral.org/for-parents/forms/>

How to Create PowerSchool Parent Account document and you can watch a **How to Configure PowerSchool for Your Mobile App** video.

Questions may be directed to Keely Reinert at kreinert@rcentral.org or Steve Rose at srose@rcentral.org or call 402-785-2685.
